

Janelle Delbello

Instructional Designer

PROFILE

I believe in making learning accessible, exciting, and effective for everyone. My past educational experience has taken me across the world and has taught me to be adaptable, innovative and creative. I am passionate about people and love challenging myself to create connections with others through instructional design.

EXPERIENCE

Instructional Design/Technical Curriculum Writer Intern

Intuitive, Sunnyvale, CA
May 2018 - Present

- Used an iterative design approach to create and facilitate instructor-led training on current products for diverse internal audiences
- Re-designed self-paced online compliance training for Intuitive employees, applying multimedia design best practices and current visual brand language
- Collaborated with instructional media specialists to create relevant assets for use in training offerings including: photos, videos, vector art and voice recordings
- Worked alongside instructional design specialists to analyze performance needs and create engaging training offerings to meet tight deadlines

Teaching & Learning Coordinator

University of Calgary Haskayne School of Business, Calgary, AB
May 2016 – July 2017

- Supported Haskayne faculty in the development of curriculum, course materials and assessments using current educational technology and methodology
- Performed quality assurance analysis of course materials, outlines and assessment tools for various business undergraduate and graduate courses
- Served as product subject matter expert for Desire2Learn LMS through the creation of training and job aids and by providing troubleshooting support
- Championed the implementation of new processes for recruiting, hiring, training and providing ongoing support to Undergraduate and MBA Teaching Assistants

Teacher

Connect Society, Calgary, AB
August 2015 – May 2016

- Utilizing educational best practices; designed, developed and executed an extensive curriculum focused on total communication and social development for children who are deaf
- Composed Individual Program Plans (IPPs) for each child, communicated goals and strategies to parents & oversaw the achievement of year-long learning goals
- Engaged with specialists, program administrators, parents and stakeholders to best meet the social and language needs of all students
